

## TEAK SEALER (Item# TGC-TBS-16)

### INSTRUCTIONS FOR USE:

1. Before using the TEAK SEALER, eye protection and rubber gloves should be worn. Cover the ground under your work area before starting.
2. Gray teak or teak treated with teak-oil must first be cleaned with TEAK CLEANER.
3. New teak: first clean with our Teak Cleaner to remove some of the natural teak oils (or weather for 2 weeks outside before treatment).
4. If cleaned wood feels rough, sand lightly before treating with SEALER. Make sure the teak is 100% dry and free of dust.
5. Shake and stir TEAK SEALER at least a minute before use. Insufficient shaking can lead to uneven weathering.
6. We suggest you try the TEAK SEALER on a small area first (e.g. the back of a leg) to judge if the color meets your expectations.
7. Apply a very thin layer of TEAK SEALER evenly over the furniture with a dust free cloth. Apply a second very thin coat after 30 minutes drying time.
8. It is recommended that you treat your furniture with TEAK SEALER at least once a year.

### HAZARD WARNINGS:

1. May irritate skin or eyes. May cause serious injury if ingested.
2. If medical advice is needed, have product container or label at hand
3. Keep out of reach of children
4. Keep container tightly closed
5. Do not get in eyes, on skin, or on clothing
6. Use only outdoors or in a well-ventilated area
7. IF SWALLOWED: Do NOT induce vomiting and call physician immediately
8. We take no responsibility for misuse
9. Important: keep frost free.

### EMERGENCY FIRST AID:

- IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- IF SWALLOWED: Do NOT induce vomiting and call physician immediately
- OTHER: Provide physician with a copy of the MSDS, by [clicking here](#).

### CHEMICAL INGREDIENTS:

Water, proprietary chemicals, pigments, preservatives.
